HC1 MODEL COMPARISON

A plain-language model guide and ways to equip your camper

2027 LINEUP | 4 OF 5

HC1 CLASSIC

The flexible HC1

A lightweight HC1 with a flexible Adaptiv floorplan. Best for buyers prioritizing modularity, low weight and starting price.

HC1 PREMIUM

The turnkey HC1

The same flexible HC1 platform with more comfort and convenience upgrades included. Best for an upgraded travel setup from day one.

HC1 STUDIO CLASSIC

Integrated kitchen + bath

A self-contained Studio with a built-in kitchenette and wet bath. Best when integrated utilities matter more than maximum open-floor flexibility.

HC1 STUDIO PREMIUM

Fully loaded

The Studio's integrated kitchen and bath with premium comfort, power and convenience features. A fully equipped, ready-to-travel package.

HC1 VENTURE

Ready for mobile vendors

A commercial-minded HC1 with interior and exterior fiberglass serving bars. A great way to take your business concept on the road.

UPGRADE PACKAGES AVAILABLE FOR ALL MODELS

Build around your travel style with factory package options. Final contents, pricing and model compatibility are subject to confirmation.

COOLING + HEATING

Shore-power or off-grid climate comfort for warm days and cold nights, tailored to the selected model.

OFF-ROAD LIFTED

Increased ground clearance with mud + snow tires for improved access on rough roads and uneven campsites.

SOLAR + POWER

Solar charging and upgraded battery options for longer stays and more flexible power away from hookups.

BUNK BED

Adds elevated sleeping capacity and converts to a couch when not in use. Factory installation required; cannot be added later.

Add-on package names and descriptions are working copy for review. Confirm final equipment, fitment, availability and pricing before publication.
